PAT, this confirms our QSO on JAN 30, 20 08 at 21:02 UTC.
Your SSB signal was 59+10 on 14.255 MHz. My rig is an Icom IC-746
with an input of 100 watts into an Inverted Vee / ~~Cushcraft R5~~ antenna. My age is 65
and have been a ham since 1961. Thank you for the nice QSO and I hope to meet you again.

Please QSL Thanks 73 Boris
